

Why does my report card look different?

This report card will help you understand how you are growing as a learner. It will answer questions like: Am I thinking of new ideas? Am I using what I know in math to solve problems? Am I trying hard?

This kind of report card also lets your family know how much you are learning. It shows areas where you are strong and areas where you need to improve.

This report card does not have any A's, B's, or C's. It was made by some of your teachers. They wanted a report card that was fair and would help you understand your strengths. They also wanted you to know that there may be skills you are not good at yet-but that you will be!!

Academic Performance Expectations

Exceeding Expectations (4)

A #4 means that I am very good at something and that I remember to use what I know even when an adult doesn't remind me.

Meeting Expectations (3)

A #3 means that almost every time the teacher asks me to complete a task with this skill, I do it well.

Working Toward Expectations (2)

A #2 means that sometimes I need help with this.

Below Expectations (1)

A #1 means that I am just beginning to understand something.
